About Cambridge Bespoke

Heritage craft meets modern living

Founded by master carpenter Steven Durrant, Cambridge Bespoke draws on more than two decades of cabinetmaking expertise, serving a discerning global clientele. With a passion for heritage joinery and an instinct for proportion, Steven leads our team in creating in-frame cabinetry of uncompromising quality, from exquisite in-frame kitchens to exceptional yacht refits. Working discreetly from our Cambridge workshop, we craft each commission by hand, combining traditional dovetail joinery with the latest innovations in functionality. Our bespoke projects often see us collaborating with leading interior designers from London, Paris, the Côte d’Azur, New York, and the Caribbean, as well as our trusted partners at Christoff Design in Ireland, ensuring each space, whether on land or at sea, reflects the client’s vision with precision and elegance. Every detail is considered: sustainably sourced timbers, hand-painted finishes, custom hardware, and artisan tiles created in partnership with master craftspeople. From a refined boot room or butler’s pantry to a fully fitted superyacht interior, Cambridge Bespoke transforms everyday spaces into timeless expressions of individuality and luxury.

Our Collections

Crafted to your taste and lifestyle

Fitzwilliam Oak

Solid oak frames and dovetailed drawers finished in natural oils. Warm joinery details meet a pared-back Shaker profile, offering heirloom quality at an accessible price.

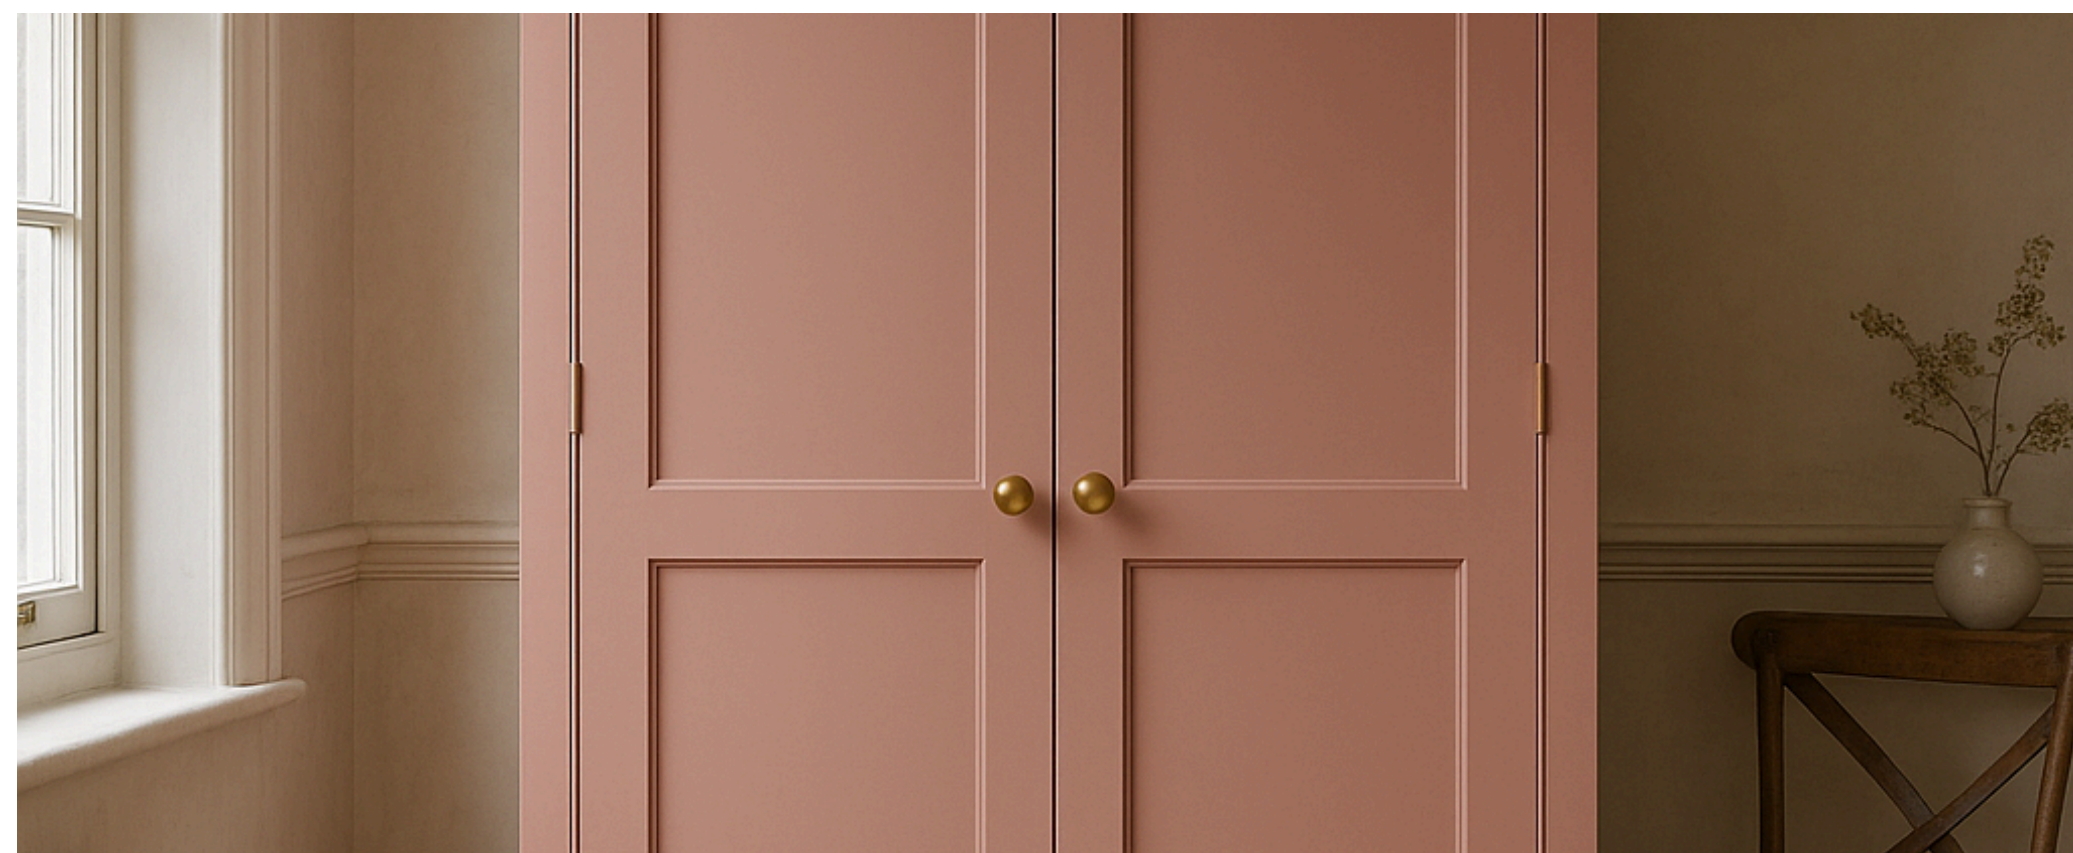

Trinity Painted

Our signature in-frame kitchen pairs tulipwood frames with hardwood panels. Hand-painted in any heritage colour, Trinity offers endless possibilities for colour and hardware.

Corpus Edition

A streamlined edition for those seeking micro-luxury on a modest budget. We use high-grade MDF with oak or walnut internals, painted and lacquered to perfection.

Bath & Wardrobe

Our craftsmanship extends beyond the kitchen. We build elegant bathroom vanities, wardrobe systems and free-standing pieces, all crafted to our in-frame standard.

Our promise:

At Cambridge Bespoke, we believe true luxury lies in the harmony of craftsmanship, beauty, and value. Each kitchen is created through our supply-only service, offering exceptional worth without ever compromising on quality. Every dovetail joint is skillfully prepared, every frame built in the timeless in-frame tradition, ensuring a piece that will endure for generations. Your chosen colour, whether a treasured heritage shade or a hue created uniquely for you, and is applied with precision, allowing your kitchen to be as individual as the home it belongs to.

Yacht Refit Collection

Crafted to your taste and lifestyle

We offer complete yacht galley transformations, delivered with full compliance to marine standards and procedures, and scheduled around your captain's timetable, planned maintenance, or survey works. Subject to the marina and location, we can even carry out the refit while the vessel remains in service. Working closely with you and your captain or crew throughout the process, we ensure every detail is tailored to your needs. If you're looking to add value and give your yacht a fresh, refined look, please feel free to get in touch.

Process & Why Choose Us

Delivering luxury from sketch to installation

1. A Journey Made Just for You

Your home tells a story, our role is to ensure your kitchen becomes one of its most beautiful chapters.

From the very first conversation, we take time to understand your lifestyle, your aesthetic, and the subtle details that make your vision unique. Whether working directly with you, or alongside your chosen interior designer, every decision, from the sweep of the cabinetry to the hue of a painted finish, is made with thoughtful precision.

2. Craftsmanship as an Art Form

In our Cambridge workshop, master cabinetmakers blend heritage techniques with uncompromising quality. Solid timbers are selected for their beauty and integrity, dovetail joints are cut by hand, and each frame is built in the classic in-frame style. Every piece is pre-primed to ensure your chosen painter can achieve a flawless finish, whether in a heritage shade or a completely bespoke colour created just for you.

3. The Final Flourish

When your cabinetry is complete, it is delivered with care, ready for your builder to install. Our team remains on hand, providing guidance and reassurance throughout fitting. Designed to last for generations, your Cambridge Bespoke kitchen is not simply a place to cook, but a room to be lived in, celebrated, and admired for years to come.
